🐝 🌋 PALM SUNDAY ANNOUNCEMENT: 🛛 🌿

As we continue to shelter in home we will be unable to wave palms together on Sunday. While having palms is not necessary to commemorate this day in the liturgical year, we can have some fun remembering this day together.

If you would like to join in, find a branch from your yard or nearby or create a drawing of a palm, use artificial foliage you may have laying around, cut a palm out of paper...etc. Then find your own way to remember Jesus' Triumphal Entry. You could carry it on a walk around the block or put it in your window or wave it at home or display it as a center piece - anything you can think of.

SOCIAL MEDIA BONUS:

Then take a picture of yourself with your palm or branch item and post it in the comments below on our Facebook Page <u>HERE</u>. Just for fun! We can create a little digital palm-wielding procession in the comments.

Let us not forget, the first Palm Sunday was celebrated with the people using whatever they had - branches, even their own clothing.
